GAME DESCRIPTION

Runnin' Water is a 1 or 2 station competitive or non-competitive water race game. Competitively, players compete against each other using a joystick, which moves a water catching pitcher. A spigot moves on a horizontal track dispersing water, or water comes out of three fixed spigots. The players must move the pitcher under the running water in order to fill the pitcher. The first person to fill the pitcher wins, triggering a ringing bell and a flashing, spinning light which indicates the winner. In the Single player mode, a timer is set and counts down to zero. The player must fill the pitcher before the timer runs out, and awards tickets according to the time taken to fill the pitcher.

CONDITIONS

- 1.) The maximum price to play shall not exceed values set forth in N.J.A.C. 13:3-3.4.
- 2.) Payout must occur immediately upon a win in the form of tickets or tokens.

The Commission reserves the right to suspend, revoke or modify this certification upon notice to the manufacturer and/or applicant.
